

DAHAB-ASSOCIATION-FOR-ENVIRONMENTAL-DEVELOPMENT
[EGYPTIAN-NON-GOVERNMENTAL-ORGANIZATION]

**Roadmap to the Sinai Environmental Centre
for scientific guests / visiting scientists**

**(MSc and PhD candidates, student-researchers, established scientists and
other research workers)**

What we need from you for your stay:
(for details see our homepage www.sec-online.org)

Project proposal (in English): to be submitted 8 weeks in advance of your field study (max. 3 pp., see instructions on homepage).

Project plan (work- and timeplan): incl. project logistics, temporal and spatial needs for your work at the SEC (must be agreed with supervising professor at your home university)

List of materials: requirements of study equipment like lab materials, analytical instruments, chemicals and literature

Information on diving skills and -needs for the stay (if applicable): what are your SCUBA diving skills (certificate? education/course required?), equipment needed?, requirement of scientific dives?

Travel details: - we will assist you regarding this topic

Contract in writing: between the SEC and you as a scientific guest. Establishes the conditions for your stay including the fees for the use of SEC facilities and guidance.

Any questions, problems...? Ask us at the Sinai Environmental Center
- we're here to help you out:
